

Zain Abbas

IT Graduated | Software Developer

+923126975695 | zainstu78651214@gmail.com | Pakistan

Professional Summary

Motivated and adaptable IT graduate with a strong foundation in Web Development, Human Resource Management, and Business Administration. Skilled in developing modern web applications using React.js, JavaScript, Type-Script, Node.js, Express.js, and MongoDB, along with knowledge of HRM, recruitment, employee coordination, documentation, customer relationship management, and administrative operations. Strong communication, problem solving, teamwork, time-management, and organizational skills, with the ability to manage multiple tasks and work effectively in a professional environment. Eager to contribute technical, administrative, and management skills while continuously learning and growing within a progressive organization.

Work Experience

Software Developer

- Developed responsive full-stack web applications using MongoDB, Express.js, React.js, Node.js, Type-Script, Redux Toolkit, and Vite.
- Designed and built modern, user-friendly, and responsive interfaces using HTML5, CSS3, Bootstrap, and reusable React components.
- Integrated RESTful APIs, implemented user authentication, protected routes, role-based access, and database connectivity.
- Developed a responsive Learning Management System (LMS) with course management, dashboards, user profiles, and optimized state management.
- Improved application performance through debugging, code optimization, lazy loading, error handling, and form validation.
- Built cross-platform mobile applications using React Native, integrating APIs, authentication, navigation, and local storage.
- Developed and evaluated machine learning and deep learning models using Python, Tensor-Flow, Keras, and popular ML libraries for classification and prediction tasks.
- Performed data preprocessing, feature engineering, model evaluation, and optimization to improve model accuracy.
- Conducted technical research, prepared project documentation, collaborated with development teams, and presented technical solutions effectively.
- Administrative, HR & Office Management Experience

Education

- Bachelor of Science in Information Technology

Skills

- HTML, CSS, React-Native, Python, C++, JavaScript, Java OOP, Bootstrap, React.JS
- Database Management System (XAMPP, Oracle, MySQL)
- Mobile App Development (React-Native)
- Machine Learning Model Training
- Deep Learning Model Training
- Teamwork and Communication Skills
- IT Infrastructure
- WordPress & Virtual Assistant
- Database Management (SQL & NoSQL)
- Responsive UI/UX Design
- RESTful API Design
- Redux Toolkit
- Technical Documentation
- Team Collaboration
- Version Control (Git)
- MongoDB
- Express.js and Node.js
- Problem Solving
- HRM
- CRM

Languages

- Urdu
- Punjabi
- English

Certifications

- WordPress, Digi skill
- Virtual Assistant, Digi skill
- Digital marketing, HP Life
- Cloud computing, Digi skill
- Artificial intelligence with python, Digi skill

Hobbies & Interests

Passionate about continuously learning new technologies, enhancing programming skills, and reading books to expand knowledge and support personal and professional growth. Enjoy playing cricket, which strengthens teamwork, leadership, discipline, and strategic thinking while fostering a collaborative mindset.
